

Simply genius!

FULL 4 YEAR WARRANTY*
ON INSTRUMENT AND SENSORS

LT-sensors
O₂/CO
Full 4 year warranty²⁾

Get a GRIP on combustion with ONE hand.

The Wöhler A 400 Flue Gas Analysers are the multi-functional instruments (flue gas, differential pressure, ambient CO) for residential and light commercial applications. Its unique design allows a comfortable one hand operation with a technician friendly 4 button key pad. Integrated magnets make even a hands-free operation possible. Your eyes will love the brilliant full color OLED display which shows all combustion values on one creen. The self diagnosis functions with an alarm makes the instrument reliable and failsafe. We provide full 4 year warranty for the instrument and LT sensors.

- 4 years warranty
- self diagnosis
- LT-sensors
